Sir,

Subject:- Re: Promotions and postings of Health Officers.

Sir,

With reference to (1) Government Order No.M.13723-4, dated, 10-2-1949, appointing Dr.C.V.Natarajan as Deputy Director of Public Health, (2) Government Notification No.E.7223/Uny. 6-48-10, dated, 21-1-1949, appointing Dr. C.Gopalraj Chetty as Professor of Hygiene, Medical College, Mysore and (3) Government Order No.M.12981-92 PH.167-46-12, dated, 2-2-1949, sanctioning the appointment of one Malariologist (Ist class Health Officer) on Rs. 550-30-850 for the Malaria Investigation Centre at Saklespur under the Malnad Health - Units Scheme, I have the honour to submit herewith the following proposals for filling in the vacancies of First Class Health Officers released consequent to the appointments of Dr.Natarajan as Deputy Director of Public Health and Dr.C.Gopalraj Chetty as Professor of Hygiene and the new post of a Malariologist sanctioned for the Investigation Centre at Saklespur.

The connected file has been sent to C.B for Circulation

Name.	Present charge.	Proposed charge.	Remarks.
1. Sri.C.Gopalraj Chetty.	II Class Health Officer, permanent.	I Class Health Officer, permanent.	From 1-1-49 vice Dr.C.V. Natarajan appointed as Deputy Director of Public Health.
2. Sri.S.R.Bhombore	--do--	I Class Health Officer, (Temporary)	From ~~2-2-49~~ 24-1-49 vice Sri.C.Gopalraj Chetty appointed as Prof. of Hygiene.
3. Sri.H.Shama Sastry.	--do--	--do--	From 2-2-49 vice No.2.

Yours faithfully,

J. Chandrasekharaiya

DIRECTOR OF PUBLIC HEALTH

6875/P

(1) Court in their notification dt 16/2/49 appointed Sri Natarajan as Deputy Director of Public Health with effect from 1/11/48. The connected files have been ordered to be sent to GB for circulation.

(2) The file relating to the orders sanctioning the appointment of Malariologists is in GB. for circulation

(3) The DPH has now proposed the following promotions in the cadre of IInd class Health Officers.

(1) Sri Gopalraj chetty as 1st class Health Officer (permanent)

(2) Sri S.R. Bhambore as 1st class Health Officer (temporary)

(3) Sri H Rama Sastry — Do —

(4) Submitted for formal orders

23/2/49

(5) The occasion of sanctioning a Malaria Research Unit Scheme is the most opportune for utilising the vacancy under the Research Unit if established. This will be pointed out & he will be invited to submit revised proposals

U.O. Note No. C. 127-43—48-49, dated 23rd September 1948, from the Director of Public Health, submitting proposals for the formation of 135 Health Units in the three Malnad Districts of Shimoga, Chickmagalur and Hassan.

ORDER No. M. 12981-92—P.H. 167-46-12, DATED BANGALORE, THE 2ND FEBRUARY 1949.

The Government have recognised the urgent necessity of undertaking further measures of medical relief and the improvement of the Public Health of the Malnad districts, and it is with this object in view that the number of Medical Institutions in these districts have been increased as far as possible in the past. The decline of population has, however, not been arrested, and Malaria continues to be the one predominant adverse factor, while Hookworm is another disease endemic in several areas in the Malnad. The Committee constituted for the improvement of the Malnad suggested among other measures the further development of medical relief in these areas and the appointment of women doctors in each taluk and also the organisation of Health Units in these areas. For the success of the Malnad Development Plan the Committee considers that as advocated by the Bhore Committee for Health Survey and Development, "the Doctor should be a social physician protecting the people and guiding them to a healthier and happier life and should place the prevention of disease in the forefront of his programme and should so combine the remedial and preventive measures as to confer the maximum benefit on the community, and the doctors in the Primary Units should combine curative and preventive health duties" and that remedial and preventive health work should be developed on "a unified basis" so as to provide integrated institutional and domiciliary service to the people.

With this object in view the question of organising Health Units in the Malnad parts was discussed with the Director of Public Health and he was requested to put up proposals for the formation of Primary and Secondary Units in the three Malnad districts. He has now put up proposals (1) for the opening of 135 units, (2) establishment of Malaria Research Centre at Saklespur and (3) for appointment of necessary staff for anti-hookworm work, at a total cost of Rs. 27,58,058. He has proposed the starting during the current year of 81 Primary Centres and 16 Secondary Centres with a Malaria Research Centre at Saklespur, at a total cost of Rs. 18,48,821. Deducting the cost of existing 28 Health Units and 53 Dispensaries now working in the Malnad districts which are to be transferred to the Health Department for the formation of Health Units, the next extra cost is estimated at Rs. 13,74,687.

The scheme now put forward after detailed discussion is considered to be the most desirable and necessary measure for improving the Malnad parts from the health point of view.

No. M. 12981-92—P.H. 167-46-12, DATED 2ND FEBRUARY 1949.

In view, however, of the large financial implications, Government are pleased to sanction the scheme of opening only the 81 Primary Units and 16 Secondary Health Units with provision for opening the Malaria Investigation Centre at Saklespur and provision for Anti-hookworm Campaign. The statement showing the staff and establishment and other items of recurring and non-recurring expenditure required for the purpose, and a list showing the places where the Secondary and Primary Centres are to be established are annexed to this Order. A sum of 12 lakhs of rupees has been allotted for this purpose in the current year's budget. The scheme is expected to be most productive from the point of view of the health of the people.

The Director of Public Health is requested to take immediate action to give effect to the scheme herein sanctioned in consultation with the Senior Surgeon who will transfer the dispensaries in the area to the control of the Public Health Department.

SAFI DARASHAH,
Secretary to Government,
Public Health, Food and Civil Supplies Departments.

To—The Director of Public Health in Mysore.
The Senior Surgeon in Mysore.
The Comptroller to Government through the Financial Department.
The Deputy Commissioners of Districts of Shimoga, Hassan and Chickmagalur.
The Presidents of District Boards, Shimoga, Hassan and Chickmagalur through the Deputy Commissioners.
The Revenue Commissioner in Mysore.
The Chief Engineer for Irrigation in Mysore.

Rd.—T.N.S.

No. M. 12981-92—P.H. 167-46-12 DATED 2ND FEBRUARY 1949.

ANNEXURE.

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH

MYSORE.

Date **BANGALORE.** Dated August 10, 1949

SECRETO FOOD & C

The Secretary to Government,
Public Health, Food and C.S.Departments,
Bangalore.

Sir,

I have the honour to state that Sri S.R.Bhombore, M.B.B.S., D.P.H., M.P.H., has been posted as Malariologist, Malaria Investigation Centre, Sagar as per Notification No.M.21423/PH 34-48-13 dated 6th June 1949. The Comptroller who was requested to issue audit slip to the Officer permitting him to draw the pay of a I Class Health Officer sanctioned to the Place, intimates in his letter No.604 GAD dated 28-6-1949 (copy enclosed), that the above officer is at present only a II Class Health Officer on a pay of Rs.250 per month and proposals for his promotion as I Class Health Officer are still under consideration of Government and until orders of Government promoting Sri C.Gopalraj Chetty and Sri Bhombore 2nd Class Health Officers as I Class Health Officers are notified, the Notification dated 6-6-1949 has to be treated as only a transfer etc. As Sri C.Gopalraj Chetty and Sri Bhombore are in charge of responsible offices in the University and in the WHO Demonstration Project scheme respectively and the posts sanctioned for these charges are also of I Class Health Officers grade, it is necessary that the Officers who already stood for promotion to the I Class posts are promoted as I Class Health Officers in view of the status of the officers and nature of duties that are entrusted to them. The officers are also urging for early orders of Government in the matter.

I may state that the proposals for the promotion and confirmation of these two officers have been sent with this office letter No.C.126-163 dated 15-2-1949 and also in letter No.C.126-214 dated 16-4-1949. As the matter is urgent I request that you may be so good as to obtain orders of Government promoting these two

861

Letter No.604/GAD dated 28th June 1949 from the Comptroller to Government to the Director of Public Health.

Sub:- Starting of the Malaria Investigation Centre at Sagar.

With reference to your letter No.AC 133-33 dated 23-6-1949 requesting for the issue of an Audit slip to Sri S.R.Bhombore to draw his pay in the grade 550-30-850 as Malariologist etc , I write to state that the grade pay of the Malariologist is the same as that of a I Class Health Officer, viz., Rs.550-30-850. The above officer is at present only a II Class Health Officer on a pay of Rs.250 p.m. and proposals for his promotion as I Class Health Officer are still under the consideration of Government. Until orders of Government promoting Sri C.Gopalraj Chettyand Sri Bhombore , II Class Health Officers as I Class Health Officers are notified the present Government Notification dated 6-6-1949 has to be treated as only a transfer of the latter Officer from the post of the Health Officer, Mysore City Municipality to the newly sanctioned postof the Malariologist at Sagar in the existing grade of II Class Health Officer only. Hence no Audit Slip is necessary and he can continue to draw his present rate of salary on the authority of the Last Pay Certificate. Separate action is being taken for authorising the Taluk Treasury at Sagar for the encashment of the Establishment, T.A. and Contingent Bills of the newly started Malaria Investigation Centre.
